Gas & electric bills have now increased

Don't bury your head in the sand

All households have been affected by the energy price increase

Do you want to know :-

How fixed and variable tariffs work

Tips on how to reduce your energy bills

What help is available to you right now

What could happen to the energy price cap in October 2022

Soho Victoria Friends & Neighbours have arranged a Q&A session with the communities' unit of **Utilita** an independent gas and electricity supplier. Where they will try to answer your questions along with giving practical advice on ways of reducing your energy bills with the Energy High Five tips and many more.

This will be replacing our usual drop-in session.
